

CONNECT. COLLABORATE. CATALYZE RESEARCH.

Kirkendall, Eric

Eric is an Associate Professor of Pediatrics at Cincinnati Children's Hospital Medical Center, where he is a pediatric hospitalist. He has a Master of Biomedical Informatics degree from Oregon Health & Science University in Portland, Oregon. Eric is the Associate Chief Medical Information Officer at Cincinnati Children's and works within the Departments of Information Systems, Biomedical Informatics, and Patient Safety.

Eric's interests include using the Electronic Health Record (EHR) and other data to promote patient safety and quality improvement through research, advanced analytics, and novel application development. Eric is involved with several national collaborative efforts to detect, categorize, and mitigate patient harm through the use of EHR-related tools.
