

CONNECT. COLLABORATE. CATALYZE RESEARCH.

## **DeCoursey, Danielle**

Dr. DeCoursey is an Attending Physician at Boston Children's Hospital where she serves as the Associate Chief of the Division of Medicine Critical Care. She is board certified in Pediatrics and Pediatric Critical Care Medicine with clinical expertise in pediatric palliative care. In 2014, she completed the Harvard Pediatric Health Services Research Fellowship and received her master's degree in public health from the Harvard School of Public Health with a focus in clinical effectiveness. Additionally, in 2014 she was appointed to an AHRQ-funded K12 Mentored Career Development Award. Her research interests are two-fold with early work focusing on the epidemiology and mechanisms of cerebral edema in pediatric diabetic ketoacidosis. Her current research is focused on improving care delivery for children with medical complexity and neurologic impairment as well as communication around advance care planning for children with life-limiting illness.
