

Moreira, Alvaro

Alvaro Moreira, MD MSc, is an Assistant Professor in the Department of Pediatrics, Division of Neonatology at the University of Texas Health Science Center-San Antonio. Dr. Moreira received his undergraduate degree from the University of Texas-El Paso where he graduated with Honors in Microbiology. He completed his medical training at the University of Texas Medical Branch-Galveston, followed by a Master of Science in Clinical Investigation and Translational Research from the University of Texas Health Science Center-San Antonio. His research focuses on bridging neonatal lung disease with regenerative medicine and transcriptomics. His long-term career goal is to identify gene biomarkers that can predict and track neonatal lung disease.
