

Wood, Kelly E

Dr. Kelly Wood is a Clinical Associate Professor of Pediatrics at the University of Iowa. She is a pediatric hospitalist and serves as the medical director of the newborn nursery. She provides clinical care in the newborn nursery and inpatient pediatric units. After completing residency at the University of Minnesota, she practiced as a pediatric hospitalist in Salt Lake City, Utah. In 2010, she returned to her alma mater, the University of Iowa. Her research is focused on quality improvement with special interest in newborn drug testing. Dr. Wood is excited to join SPR and looking forward to collaborating with her research colleagues.
