

RWJBarnabas Health and Rutgers- Robert Wood Johnson Medical School are Seeking a Pediatric Pulmonologist to serve as Assistant/Associate Professor

RWJBarnabas Health, the largest integrated healthcare system in New Jersey, and the Department of Pediatrics at Rutgers-Robert Wood Johnson Medical School, are seeking a candidate for a faculty position in the Division of Pulmonary Medicine and Cystic Fibrosis Center. The division has a comprehensive Cystic Fibrosis Center (pediatric and adult), a comprehensive sleep disorders program, technology dependent center, aero digestive, asthma and general pulmonary clinics. The position will have both clinical and academic responsibilities. In support of our academic endeavors, we have a state of the art Pediatric Clinical Research Center, we have an active CFF TDN Center and Rutgers RBHS has a Clinical and Translational Science Award.

Responsibilities:

- Include developing a strong clinical and teaching base for medical students, residents and fellows.
- Candidates will be expected to develop research projects and start up grant funding is available for qualified applicants.
- Candidates must be a graduate of an accredited medical school program including formal specialty training in Pediatric Pulmonology.
- Training in Sleep medicine is an asset.
- Candidates must be board certified in Pediatrics with board eligibility in pulmonary medicine and/or sleep medicine.
- The candidate will be expected to provide ambulatory and inpatient care including bronchoscopies.

Both new fellows and experienced physicians are encouraged to apply!

The inpatient clinical services of the division of pediatric pulmonary medicine are conducted at the Bristol-Myers Squibb Children's Hospital (BMSCH) of the Robert Wood Johnson University Hospital in New Brunswick, NJ. This is a 105 bed acute care hospital located on the only pediatric academic health campus in the state of New Jersey. The BMSCH is ranked as one of America's Best Hospitals by U.S. News and World Report.

If interested in this position, please reach out to **Susan Bethay**, *Physician Recruiter at RWJBarnabas Health*, via email- susan.bethay@rwjbh.org or phone- **(862)-240-2885**.

About the Department of Pediatrics at RWJMS:

The Department of Pediatrics has a full complement of pediatric medical and surgical subspecialists, and outpatient services are provided at the Child Health Institute of New Jersey which also houses our research faculty. The Department of Pediatrics includes physicians and basic scientists who conduct collaborative research with an emphasis on mechanisms of disease, novel therapies, epidemiology and/or outcomes research in the areas of relevance to childhood diseases. The Department provides a collaborative setting for the study of basic mechanisms of disease and outcomes research that would provide new insights to the treatment of childhood diseases. The Robert Wood Johnson School of Medicine is consistently ranked as one of the highly NIH-funded academic universities and Rutgers is a member of the Association of American Universities comprising the top comprehensive research universities in North America. Adjacent to the Children's hospital is the PSE&G Children's Specialized Hospital which is one of the country's largest inpatient acute rehabilitation hospitals for children. Across the street is the Rutgers Cancer Institute of New Jersey – the only NCI designated center in the state of New Jersey as well as the Ronald MacDonald House. As the state's premiere institution, located in central Jersey, there are many opportunities to collaborate across campuses with all the health professional schools and biomedical science schools at the Rutgers Biomedical and Health Sciences.
