

University of Kentucky is seeking a pediatric neurosurgeon who is board-eligible or board-certified in neurosurgery and fellowship-trained in pediatric neurosurgery. All levels of experience are welcome to apply, including international medical school graduates. The Director of Pediatric Neurosurgery will lead and further develop the pediatric division and program. The position allows for myriad opportunities in education, research, and clinical activities, and collaboration with renowned pediatric neurologists from all over the country.

Backed by the Kentucky Neuroscience Institute and Kentucky Children's Hospital, the UK HealthCare Pediatric Neurosurgery program treats children from infancy through adolescence for conditions affecting the brain, spine, or nervous system.

Position Requirements

- Use state-of-the-art equipment, including a robot
- Enjoy protected time and research support from Day 1
- Call is 1:7, with residents taking first call
- Excellent compensation (commensurate with location and cost of living)
- RVU incentives

Community Information

Known for its horse farms and thoroughbred racetracks, Lexington, Kentucky, is a cultural center that lies in the heart of Bluegrass Country. The city is filled with numerous historical, natural, and cultural attractions to explore and enjoy.

- Home to some of the best public and private schools in the state
- Enjoy a safe, walkable downtown area with plenty of cultural and nightlife activities
- Breath-taking scenery and an abundance of outdoor recreation, including hiking, biking, camping, golfing, and horseback riding
- Convenient access to Louisville, Cincinnati, and Nashville

For immediate consideration please inquire with an updated copy of your CV so we can discuss the position by phone. Also, inform me of your best available times to speak. I look forward to your reply and thank you for your review. Please do not delay as we anticipate a significant response.
