

**Pediatric Neonatologist Faculty  
University of Minnesota  
Minneapolis, MN**

The Division of Neonatology at the University of Minnesota is seeking a full-time board certified/eligible Neonatal-Perinatal Physician at the Assistant Professor rank on an academic or master clinician track (to be determined by qualification and interest).

We offer competitive compensation and a robust benefits package with generous time off, wellness allotment, and best-in-industry retirement match. In addition, we are a qualified employer for the Public Student Loan Forgiveness program (PSLF) and we partner with Student Loan Tutor to assist Physicians with the PSLF program.

**Position Highlights**

- The position will serve the Level IV NICU located in the Masonic Children's Hospital (UMMCH), three Level III NICU's located at MHealth Fairview Southdale, Ridges, and St. John's Hospitals, and a level II NICU located at MHealth Fairview Woodwinds Hospital. The potential also exists for serving the NICUs at Children's Minnesota through a contract.
- The NICU at UMMCH is a comprehensive NICU that serves the five-state region and provides care for all acuity levels. Services include ECMO, peritoneal and hemodialysis, general and cardiovascular surgery, and therapeutic hypothermia.
- We offer a strong family and team environment and are committed to supervising, mentoring and instructing advanced practice providers, medical students, residents and fellows along with other curriculum development responsibilities.

**Why University of Minnesota**

- University of Minnesota, one of the premier research-intensive schools in the nation, ranks #8 in NIH funding for publicly funded U.S. medical schools and is currently in an era of major investment and growth.
- The [University of Minnesota Masonic Children's Hospital](#) is nationally ranked as one of the best Children's Hospitals with special recognition in five sub-specialties, including Neonatology (source: 2018 US News and World Report).
- The Division is a national leader in providing innovative care, conducting research, and instructing skills to recognize and treat medical problems of the neonate.

- The Division serves as a resource for other NICUs for infants with multi-organ system failure, complex diagnostic and surgical problems, and long-term, technology-dependent conditions.

### **Qualifications**

- Graduate of an accredited ACGME Pediatric residency and a Neonatal-Perinatal fellowship-training program.
- Board eligible/certified in Neonatal – Perinatal Medicine
- Licensed or ability to acquire medical license and DEA in the State of Minnesota, and meet threshold criteria/qualifications for credentialing and privileges.
- We seek a candidate with proven clinical experience in newborn intensive care and research or instruction/education, with interests in one or more of the following fields: neonatal nutrition, neurodevelopment, infection/immunology, hematology, pulmonology/resuscitation, global neonatology, ethics, perinatal mood and anxiety disorders, point-of-care ultrasound, educational and outreach program development, and diversity, equity and inclusion.

### **Living in Minneapolis/St. Paul, MN**

- The Minneapolis-St. Paul metropolitan area is a thriving community of nearly 3.5 million people ranked as one of the best places to live in America by U.S. News & World Report.
- Our town boasts exceptional public and private schools.
- We have a thriving workforce, 17 Fortune 500 companies, award-winning culinary scene, museums of all types, outstanding theaters, and four major professional sports teams.
- You will have convenient access to a major international airport, ranked in the Top 10 Domestic Airports by *Travel + Leisure* magazine
