Pediatric Cardiology CVICU Medical Director

**Work Type:** CE - Clinician Educator, University Medical Line

**Location:** Stanford University

**Categories:** School of Medicine

The Division of Pediatric Cardiology in the department of Pediatrics at Stanford University seeks applicants for a faculty position as the Medical Director of the Cardiovascular Intensive Care Unit (CVICU) at Lucile Packard Children's Hospital at Stanford (LPCH). The successful applicant should be board certified in at least one of the following subspecialties: Pediatric Cardiology, Pediatric Critical Care Medicine, or Pediatric Anesthesia. Candidates should have advanced training and at least five years of clinical experience in pediatric cardiac intensive care, as well as demonstrated leadership skills or potential for leadership. A proven track record of clinical research is also desired, so that they can pursue collaborative and independent research. The successful recruit will be appointed to the Stanford University Medical or Clinician Educator Line at the Associate or Professor level depending upon experience and qualifications.

- The major criteria for appointment for faculty in the **University Medical Line** shall be excellence in the overall mix of clinical care, clinical teaching, scholarly activity that advances clinical medicine, and institutional service appropriate to the programmatic need the individual is expected to fulfill.
- The major criterion for appointment as **Clinician Educators** is excellence in the overall mix of clinical care, teaching, administrative and/or scholarship appropriate to the programmatic need the individual is expected to fulfill.

Faculty/ Academic rank and line will be determined by the qualifications and experience of the successful candidate.

The CVICU is a 30-bed state-of-the-art, dedicated unit that provides all forms of cardiovascular intensive care for children with congenital and acquired cardiovascular diseases, as well as a growing population of adults with congenital heart disease. LPCHS maintains one of the busiest cardiac transplantation and mechanical circulatory support programs in the country, and critically ill pre- and post-transplant patients are managed in the CVICU. The successful candidate will join a faculty of over 70 pediatric cardiologists and cardiovascular scientists who provide clinical care, teach, and perform clinical and basic research. The activities of the Division/Department are diverse and offer unique opportunities for research collaborations with investigators at the School of Medicine and other schools and departments at Stanford University.

Applications will be reviewed immediately and accepted until the position is filled.
Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford also welcomes applications from others who would bring additional dimensions to the University's research, teaching and clinical missions.

The Department of Pediatrics, School of Medicine, and Stanford University value faculty who will help foster an inclusive academic environment for colleagues, students, and staff with a wide range of backgrounds, identities, and outlooks. Candidates may choose to include as part of their research and teaching statements a brief discussion about how their work and experience will further these ideals. Additional information about Stanford's IDEAL initiative may be found here: https://ideal.stanford.edu/about-ideal/diversity-statement.

Submit a CV and a brief letter with optional diversity statement.

The expected base pay range for this position is:

**Pediatric Cardiology Critical Care Medicine:**

**Associate Professor:** $325K-355K

**Professor:** $375K-475K

This pay range reflects base pay, which is based on faculty rank and years in rank. It may not include all components of faculty compensation or pay from participation in departmental incentive compensation programs. For more information about compensation and our https://cardinalatwork.stanford.edu/benefits-rewards, including https://fsh.stanford.edu/, please contact the hiring department.

Stanford University has provided a pay range representing its good faith estimate of what the university reasonably expects to pay for the position. The pay offered to the selected candidate will be determined based on factors including (but not limited to) the experience and qualifications of the selected candidate including equivalent years in rank, training, and field or discipline; internal equity; and external market pay for comparable jobs.
