The Division of Pulmonology and Sleep Medicine within the Department of Pediatrics at the University of Wisconsin School of Medicine and Public Health is seeking an academic Pediatric Pulmonologist or Pediatric Pulmonology and Sleep Medicine Physician to assume the role of Division Chief.

We seek a leader with enthusiasm for academic medicine who will encourage, inspire, and empower division members. The Division Chief provides strategic and operational leadership; oversees divisional faculty and staff; spearheads the expansion of clinical, education, and research programs; and guides faculty professional development. This is an opportunity for a full-time Professor, Associate Professor, or Assistant Professor.

The Division of Pulmonology and Sleep Medicine is focused on improving the health of children with lung disease and breathing and sleep disorders. Its doctors are specialists who diagnose and treat patients with a wide range of disorders including cystic fibrosis, bronchopulmonary dysplasia, and pulmonary hypertension. Division members provide family-centered, community-based, culturally competent, coordinated, and interdisciplinary care. The multidisciplinary clinical team includes physicians, nurse practitioners, nurses, pharmacists, psychologists, social workers, dietitians, and respiratory therapists.

The Department of Pediatrics is a vibrant academic department comprising more than 200 faculty members in 16 subspecialty divisions. The department promotes and enhances the health of children through outstanding clinical care, exemplary education of pediatric trainees, performance of cutting-edge research, and vigorous advocacy.

The University of Wisconsin–Madison is an Equal Opportunity/Affirmative Action educator and employer.
